

# IBEX

The IBEX is a robust two-person evacuation chair with a payload capacity of 159kg, specially designed for spiral and narrow staircases. Built for both ascent and descent evacuation, it features an adjustable telescopic handle and manual brake system, allowing operators to safely control the Evac+Chair while accommodating the passenger's weight.

## Specification

<b>Height</b>	1140mm (folded)	1470mm (unfolded)
