# FIRECHIEF® STANDALONE CARBON MONOXIDE ALARM 10 YEAR SEALED BATTERY

## TRUST FIRECHIEF® HOME ALARMS TO KEEP YOUR FAMILY SAFE.

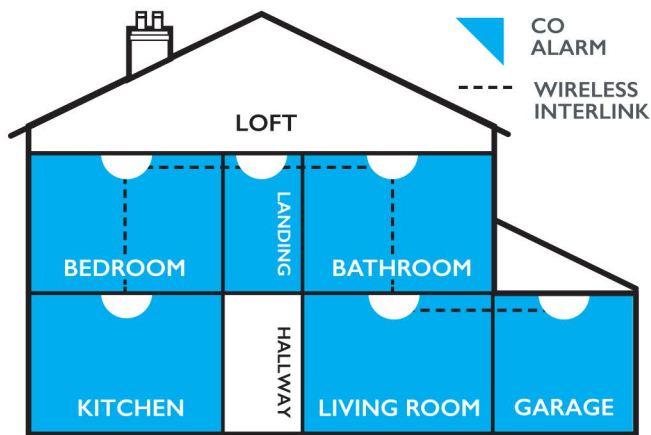

Protect your home with the standalone Firechief® Home Carbon Monoxide Alarm, designed to detect and alert you to dangerous levels of carbon monoxide. This advanced device features high-precision sensors for accurate and early detection, ensuring your family's safety. The easy installation process requires no complex wiring, making it a hassle-free addition to your home safety system.

The FCB10 is equipped with a loud audible alarm and LED indicators to provide immediate alerts in case of danger. Its sleek and compact design fits seamlessly into any home decor, combining essential functionality with aesthetic appeal. Trust Firechief® Home Alarm's to deliver peace of mind and robust protection for you and your loved ones.

### What do I need, and where?

Based on current best practice, and ongoing legislative reforms, the Firechief® Home Safety Team recommends that you should:

Install Firechief® Home Carbon Monoxide Alarms on each floor of your house and in every room that contains a fuel burning appliance such as boilers, cookers, heaters, gas fires and solid fuel burners.

## MODEL: FCB10

### SPECIFICATION

Model	<b>FCB10</b>
Product Code	117-2004
